

## **Don't Even Listen To Us !**

### ***Listen to What Others Say About RDL Stallions and their Foals...***

“I have been standing stallions for 26 years and your stallions have the best temperament I have ever seen.”

***Breeding farm owner who trained us to collect our stallions***

“I judge a lot of horses and forget most by the next day. I will not be forgetting your stallions any time soon.”

***International USEF judge regarding Saltador and Dardanos***

“I can't believe you were able to purchase this treasure (Persiles). He is so well balanced and you can pick out his foals at a glance.”

***Revision Official from Spain***

“These are the best foals our mares have ever produced!”

***Owner of Texas Mares***

“There aren't enough adjectives to describe these fillies. Beautiful, friendly, outgoing, intelligent, inquisitive, problem solving... To complete the overall package, their conformation and movement are outstanding.”

***Ohio owner of thoroughbred mare from the legendary Secretariat***

“Anyone can ride this horse; he is 90% horse and 10% rider.”

***Olympic Reserve rider after her first ride on Magico***

“I have never seen an Andalusian move like this. Most horses have two good gaits and one that you hope the judge doesn't care much about. All 3 gaits of his gaits are outstanding.”

***USDF judge on Saltador as her Grand Champion Dressage Sporthorse in open show***

“Wow, you guys are breeding some great horses. I just knew that they were related when I saw them individually in the earlier classes.”

***Judge, reviewing 3 P.R.E. full sisters in Get of Sire class at show***

“These are the two nicest half Andalusians I have ever seen.”

***Regional / National show Judge placing 2 Magico daughters***

“I have handled a lot of Andalusians in California and have to say what impresses me the most about the horses out of your stud is their minds. I am working with 2 right now and they both show a lot of sense. I get a lot of comments on both.”

***Trainer with experience on both East Coast and West Coast***

“You are to be commended importing such an excellent stallion. (Persiles)”

***Trainer/Owner of Swedish Warmblood mare (Olympic lines) in Pacific NW***

“I participated in a Juan Manual Munoz Dias clinic over the weekend. He selected Paloma (Magico daughter) to ride on the 3rd day. I have been on a cloud ever since!”

***From owner in NY (the Horse Whisperer was filmed partially at their ranch)***

“It is truly impressive that Magico can improve a completely nondescript Percheron plow mare into a horse like Sierra. She is strong, absolutely level-headed and has a serious competitive streak. I ride her every day. I think she could make a great Working Equitation mount.”

***Euporean dressage rider/owner of draft cross in New Mexico***

“Normally I only evaluate a semen sample for 48 hrs. But the Dardanos sample was good for 5 days. He is super stallion!”

***Manager at international breeding laboratory***
